

MFA - Setting up Okta FastPass

Last Modified on 10/09/2025 3:57 pm PDT

Setting up Okta FastPass

Touch ID must be enabled on your Mac before beginning this process. Okta FastPass uses biometric authentication, and enabling Touch ID is required for full functionality.

1. Windows: come to the IT office in BG124 at middle school or CH302 at upper school you're using a Windows laptop.
2. On a Mac laptop, download the **Okta Verify** app from the App Store
 - <https://apps.apple.com/us/app/okta-verify/id490179405>
3. When the download is complete, install the Okta Verify App.
4. Launch Okta Verify
 - click **Get Started**

Welcome to Okta Verify

Securely sign in to your organization's apps

Get started

Add account from another device

5. Click Next on How it Works

Okta Verify

← Back

okta

How it works
